CONFECTIONARY

Since 1946, ZPC Śnieżka has been bringing generations together and continuing its sweet journey through the world of confectionery.

As a Polish family-owned company, we think generationally, not only in terms of tomorrow.

All our activities are aimed at securing and strengthening the long-term independence of the family-owned business in the market, and our freedom of enterprise allows us to approach things differently.

Care for the taste and quality of our products is the foundation of our business. Traditional recipes combined with a modern approach guarantee our development.

Professional staff is the internal strength of our company

This combination allows us to still enjoy the original taste of the legendary Michałki and Michałki z Hanki.
